Indiana Notary Public Guide - Indiana Secretary of State 2019-04-06

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

Idaho Notary Public Handbook - Idaho Secretary of State 2019-04-06

Everybody knows what a notary public does, right? Actually, there is much misunderstanding and confusion about what the proper role and duty of a notary is. A notary public does not "legalize" documents, or verify the accuracy or truthfulness of the content or statements made in a document, and yet the role that a notary plays in ascertaining the

identity of the person who signs a document, placing that person under oath, if required, and determining the signer's intent and willingness to consent to the transaction is vital in modern society. A notary public is a public official commissioned by the Secretary of State to administer oaths and affirmations, take acknowledgments, witness signatures, and perform other duties as permitted by state law. A notary should be familiar with the Idaho notary laws and to follow the standards of reasonable care for performing a notarial act.

Louisiana Notary Exam Sample Questions and Answers 2021 - Steven Alan Childress 2021-01-26

NEW 2021 edition, fully updated and matching page numbers of the current (blue) state text. Questions and answers in four separate tests-plus detailed explanations for each right and wrong answer, keyed to the page of the latest official Study Guide-help coach students for the difficult exam. This unofficial resource at last takes notary prep to the next level by revealing the tricks of questions and formats, tactics for the test, and the law behind it. Louisiana civil law notaries have unmatched functions, responsibilities, and opportunities-but the exam has a 20% pass rate. Candidates need all the help they can get. The best prep classes and study groups recommend multiple practice questions to understand the format, content, and coverage of the actual exams the Secretary of State administers each year. Yet even the best workbooks and study aids are costly but barebones in the answers they provide. Their questions help, but students are left matching answers to page numbers. There's no guidance on why they're right-and even less about why other good options aren't "best." This book fills that void with 130 questions and detailed clarifications, plus tactics illustrated by specific formats and options. Explanations are keyed in detail to the 2021 Study Guide (usable on any 2021 exam). Professor Childress, author of a best-selling supplemental guidebook decoding the state study guide and teacher of Tulane's academic course in notary law, explains every twist he can think of that the examiners may try. Whether as a recommended

supplement to a prep class, as spelled-out lagniappe to available workbooks, or as a new tool for self-study, this book should become standard fare for anyone contemplating becoming a commissioned notary. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, this is the trade paperback edition available at online and other bookstores.
