[Philosophy of Jesus](#) - Ernest Holmes 2016-01-20  
Throughout our lives, we have read and wondered about the miracles of Jesus. But to how many of us has the thought come that this same power must be available to everyone? We have been so accustomed to thinking of Jesus as a man filled with love and compassion and human kindness that we have overlooked something else about him that is equally important. Jesus had access to a spiritual Power that he used in every way. To him it seemed the most natural thing in the world that he should be able to tell the paralyzed man to walk, or multiply the loaves and fishes, or still the wind and waves. What we want to find is the key that unlocks the doorway to the Power greater than we are. What we want to do is to discover the secret, which he so plainly told us was a certain kind of relationship he had to God, who, he said, was present everywhere and was also within him and within everyone.

*Can We Talk to God?: Ebell Lectures* - Ernest Holmes 2015-07-23

The Ebell lectures were named for the Hall in which they were delivered in 1934. They have had a couple of incarnations since they were first published. In some cases some people felt the need to edit them and use "modern" language because of Holmes use of "mankind". Whatever the language used, the insight is the same. As we read this book, we can see a deep and wonderful insight provided by a self-educated man. Although Ernest Holmes never graduated from high school. He went on to be awarded several honorary doctorates for his deep insight and self-awareness. When we compare Holmes to some, we see that his

intelligence is one of a practice while theirs is often simply institutional. Enjoy this wonderful book. Hope it inspires you to greatness as it has so many others. We have provided you with the contemporary page numbering. This will make it easier for you when talking with people who have bought a current edition of the book, to be on the same page.

A small gem, *Think Your Troubles Away* is more timely now than when it was originally published.

Through the essential principles outlined in this book, you will learn that the true treasures of healing are divine and hidden within you. "Instead of putting on sackcloth and ashes and spending your time lamenting," Holmes says, "you shall anoint your head with the oil of peace, don the robe of confidence, and wear the shoes of gladness." A book that Reverend Dr. Michael Beckwith—the renowned contributor to the blockbuster DVD and book *The Secret*—calls the way "to change our thinking and change our lives," *Words That Heal* is the source of courage and faith: faith in the universe, but most of all, faith in yourself to move beyond that which challenges you.

*This Thing Called Life* - Ernest Holmes  
2018-12-05

The great contribution of Ernest Holmes to modern thought is the specific form of meditation and prayer by which man can control outward conditions of his life instead of permitting conditions to control him. Based soundly and thoughtfully upon the teachings of Jesus and other great spiritual leaders and philosophers, *THIS THING CALLED LIFE* is an outline of the practice of Faith by which problems of every kind may be solved by every man and woman, directly, simply and effectively. Recognised as one of the foremost teachers of religious science and philosophy since William James, in this book Mr. Holmes courageously declares that for centuries man has been putting the cart before the horse, that he is not helpless in the face of poverty, disease, evil and unhappiness, but that by this clear and simple

system of thought and faith he can dominate them and introduce into his experience their exact opposites—abundance, health, good and happiness. If man will try and learn how to think, writes Mr. Holmes, he can dominate his entire life and everything in and around it.

You Will Live Forever - Ernest Holmes  
2013-03-12

Man is born of eternal day, not because he wills or wishes it, not because he labors or strives toward it, not because he earns it as a reward, but simply because the Spirit has breathed life

into him. And the Spirit which has breathed this life into him has breathed Its own Life and cannot unbreath It or take It away. If we would only let go of our theological nonsense and let our soul commune with the Universe, it would tell us all these things because we already know them inwardly. All men are embodiments of God and the soul can no more be lost than God could be lost. What more can life demand of us than that we do the best we know, always trying to improve. And when we do this we shall have done well indeed, and all will be right with our souls, both here and hereafter. Wilder Publications is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment.
