The Odes - Pindar 2019-09-24

One of the most celebrated poets of the classical world, Pindar wrote odes for athletes that provide a unique perspective on the social and political life of ancient Greece. Commissioned in honor of successful contestants at the Olympic games and other Panhellenic contests, these odes were performed in the victors' hometowns and conferred enduring recognition on their achievements. Andrew M. Miller's superb new translation captures the beauty of Pindar's forty-five surviving victory odes, preserving the rhythm, elegance, and imagery for which they have been admired since antiquity while adhering closely to the meaning of the original Greek. This edition provides a comprehensive introduction and interpretive notes to guide readers through the intricacies of the poems and the worldview that they embody.

Edible Insects - Arnold van Huis 2013

Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

The Terrible Tales of the Teenytinysaurs! - Gary Northfield 2013

Is it possible to fly to the moon in a bubble of

snot? Can you really have an argument with a cloud? Are there bogey monsters at the bottom of the garden? Memories, Dreams, Reflections - C. G. Jung 2011-01-26

An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

Derek The Sheep: Danger Is My Middle Name - Gary Northfield 2020-01-16

Grumpy but lovable sheep, Derek, is always looking for the greener grass in life, but he is constantly thwarted in his plans by the other meddlesome (and tiresome!) animals on his

crazy farm! From the legendary pages of the Beano and Beanomax, Bog Eyed Books presents the third book in the popular Derek the Sheep series. Reprinted for the very first time, these increasingly loopy stories can finally be savoured by fans old and new.

Wave - Paul Dowsell 2016-06

Written to commemorate the 100th anniversary of the Battle of the Somme, Wave interlinks the story of two modern-day boys with the story of their ancestors who were enlisted to fight in the First World War. Have you read Make your own Togas? It's by Lucy Lastic.

The Number Sense - Stanislas Dehaene 2011-04-29

"Our understanding of how the human brain performs mathematical calculations is far from complete. In The Number Sense, Stanislas Dehaene offers readers an enlightening exploration of the mathematical mind. Using research showing that human infants have a rudimentary number sense, Dehaene suggests that this sense is as basic as our perception of

color, and that it is wired into the brain. But how then did we leap from this basic number ability to trigonometry, calculus, and beyond? Dehaene shows that it was the invention of symbolic systems of numerals that started us on the climb to higher mathematics. Tracing the history of numbers, we learn that in early times, people indicated numbers by pointing to part of their bodies, and how Roman numerals were replaced by modern numbers. On the way, we also discover many fascinating facts: for example, because Chinese names for numbers are short, Chinese people can remember up to nine or ten digits at a time, while English-speaking people can only remember seven. A fascinating look at the crossroads where numbers and neurons intersect, *The Number Sense* offers an intriguing tour of how the structure of the brain shapes our mathematical abilities, and how math can open up a window on the human mind"--Provided by publisher.

The Case of the Girl in Grey (The Wollstonecraft Detective Agency, Book 2) -

Jordan Stratford 2016-01-26

This history-mystery series continues with another fine display of brains and bravery from the Wollstonecraft Girls—Ada Bryon Lovelace and Mary Shelley. Inspired fun for middle grade readers and fans of *The Mysterious Benedict Society* and *Lemony Snicket!* The Wollstonecraft Detective Agency was supposed to be a secret constabulary, but after the success of their first case, all of London knows that Lady Ada and Mary are the girls to go to if you have a problem. Their new case is a puzzle indeed. It involves a horrible hospital, a missing will, a hasty engagement, and a suspiciously slippery servant. But Mary's stumbled onto a mystery of her own. She spotted a ghostly girl in a grey gown dashing through the park. A girl who is the spitting image of their new client. The two cases must be linked . . . or else there's a perfectly supernatural explanation.

Julius Zebra: Entangled with the Egyptians! -

Gary Northfield 2019-03-19

Julius Zebra is in ancient Egypt on his third madcap adventure. Will he and his friends make it out alive, or will they all end up entombed in a pyramid forever? After being shipwrecked on the shores of Egypt, Julius Zebra can't believe his luck: he's been mistaken for a Horse God and given the royal treatment. Preened and pampered, Julius and his friends are treated to a lavish party and ferried down the River Nile. But when hapless antelope Felix accidentally stumbles upon the Tomb of Cleopatra, he steals a gem for his rock collection, unknowingly bringing a pharaoh's curse down upon the group. With the Egyptians beginning to realize that Julius is not quite what they thought he was, the zebra gladiator and his friends are soon fighting for their lives in a series of hilarious hijinks.

An Affair with Africa - Donald Barton 2004

This animated and entertaining account of the varied and often colourful aspects of district administration in rural Tanganyika (Tanzania) during the last years of Britain's trusteeship will dispel many misconceptions about colonial life. The reader is presented with a kaleidoscope of events and images, and will be drawn into the author's enthusiasms and concerns, all against a background of rapid political change. There are descriptions of foot safaris, poaching, murder, anti-famine measures, smuggling, witchcraft, a school riot, a locust invasion, and the threat of civil unrest; also of domestic matters, friendships made, and the sadness of leaving. Although the style is understated, the reader will be aware of the writer's affection for Africa and for the people amongst whom he lived and worked. This book will appeal to the serious and casual student of African affairs and history, and to anyone who takes pleasure in reading of unfamiliar events in distant places.

Julius Zebra - Gary Northfield 2017-05

Synopsis coming soon.....

English - One Tongue, Many Voices - Jan Svartvik 2016-01-19

This is the fully revised and expanded second edition of English - One Tongue, Many Voices, a book by three internationally distinguished English language scholars who tell the fascinating, improbable saga of English in time and space. Chapters trace the history of the language from its obscure beginnings over 1500 years ago as a collection of dialects spoken by marauding, illiterate tribes. They show how the geographical spread of the language in its increasing diversity has made English into an international language of unprecedented range and variety. The authors examine the present state of English as a global language and the problems, pressures and uncertainties of its future, online and offline. They argue that, in spite of the amazing variety and plurality of English, it remains a single language.

Ulysses -

Fact Stranger Than Fiction - John Patterson
Green 1920

Land of the Gods - Sally Prue 2016-08-11

A laugh-out-loud comedy from popular author

Sally Prue, taking a light hearted look at the clash of cultures in Roman Britain. After all - who would live in a hut if there were underfloor heating on offer... "If they were Romans I was done for: they'd tear me apart, bit by bit, and enjoy doing it..." When Lucan sees a legion of Roman soldiers near his village it definitely makes sense to hide. But hiding in a wagon could prove to be a dangerous mistake. And falling asleep in the wagon is not the best idea that Lucan has ever had. Trapped as a Roman slave, can Lucan find his way home... and does he even want to? This hilarious book is packed with wonderful (and eccentric) characters and insight into life in Roman Britain.

Shield Maiden - Stuart Hill 2016-09-22

"No enemy may find this place; we hide it in mist and shadow..." When King Alfred's great hall is destroyed by the Vikings, the king must flee with his family. But his daughter Aethelflaed knows that hiding in the marshes, far away from the battlefield, is the last thing she wants to do; can she fulfill her destiny and become a warrior princess, a shield maiden? Flashbacks offer dramatic stories set at key moments in history, perfect for introducing children to historical topics.

Player Piano - Kurt Vonnegut 2009-09-30

"A funny, savage appraisal of a totally automated American society of the future."—San Francisco Chronicle Kurt Vonnegut's first novel spins the chilling tale of engineer Paul Proteus, who must find a way to live in a world dominated by a supercomputer and run completely by machines. Paul's rebellion is vintage Vonnegut—wildly funny, deadly serious, and terrifyingly close to reality. Praise for *Player Piano* "An exuberant, crackling style . . . Vonnegut is a black humorist, fantasist and satirist, a man disposed to deep and comic reflection on the human dilemma."—Life "His black logic . . . gives us something to laugh about and much to fear."—The New York Times Book Review

I Am Spartapuss - Robin Price 2006

And that's not even half of it! Join the fun in Gary's Garden.

The Great Fire Dogs - Megan Rix 2016-08-25
London 1666 - A terrible plague has swept through the city and people live in fear of animals carrying the disease. Woofy is a loveable stray who works in the palace kitchen and Tiger Lily is the pampered pet spaniel of King Charles II. They come from very different worlds but this hasn't stopped them becoming the best of friends and looking out for each other. When Woofy finds himself in trouble he has to escape the palace grounds and Tiger Lily isn't far behind him. It's not long before a new danger emerges - a great fire is sweeping across London destroying everything in its path. Can these two brave dogs survive the blazing fire and make their way to safety?

Bundle with the Britons - Gary Northfield 2016-04

After the huge success of *Rumble with the Romans!*, celebrated author and illustrator Gary Northfield creates another brilliantly fast-paced, funny and utterly bonkers adventure for Julius Zebra and his hapless pals to go on. Emperor Hadrian has one last favour to ask of the gladiator animals before he will grant them their greatest wish - freedom. They must go to the far-off and strange land of Britain to win over the crowds of his empire. But this will be no happy-go-lucky holiday... Instead of buckets and spades, our stripy hero and his friends will need all their powers and wits about them if they're going to survive their most wild and rebellious opponents yet. Cram-packed with jokes and bursting with action, this is a hilarious romp and mad-cap introduction to Roman Britain.

Proverbial Philosophy - Martin Farquhar Tupper 1849
