**Benghazi!** - Ethan Chorin 2022-09-06

In recognition of the 10th anniversary of the attack in Benghazi, a noted Libya expert and eyewitness to the attack provides a startling reconsideration of one of the defining controversies of our era. Ten years after an attack on the US diplomatic mission in Benghazi killed Ambassador Christopher Stevens and three other Americans, cries of "Benghazi!" still echo across America. But instead of a landmark event to be taken seriously, it has become a punchline, an empty word, or a code for controversy and political theatre. In this thrilling retelling, Ethan Chorin reveals Benghazi as a watershed moment in American history, one that helped create the world America lives in today: polarized, fearful, and dangerously unstable. Here, Benghazi is not a story contained in 13 hours, but a decades-long history beginning with the rise of Muammar Gaddafi, stretching through 9/11, the War on Terror, and the Arab Spring, and reaching into the present day, as the impact of the attack and ensuing controversy remain visible in America and around the world. Chorin draws on his own bone-chilling experience during the Benghazi attack, his expertise as a former diplomat and scholar of Libyan history, and new interviews with Libyan insiders, eyewitnesses, and key players like Hillary Clinton and Ben Rhodes. With this ambitious, engaging narrative, Chorin makes clear why Benghazi still matters so much ten years later—and why we can't afford to continue overlooking and misunderstanding it.

**The Hand That Feeds You** - A.J. Rich 2015-07-07

From celebrated authors Amy Hempel and Jill Ciment writing as A.J. Rich, a smart, thrilling, sexy, and emotionally riveting novel of psychological suspense about an accomplished woman involved with a man who proves to be an imposter. Morgan Prager, at age thirty, is completing her thesis on victim psychology at John Jay College of Criminal Justice in Manhattan. She is newly engaged to Bennett, a seductive but possessive and secretive man. She returns from class one day to find Bennett mauled to death, and her dogs—a Great Pyrenees and two pit bulls she has rescued—covered in blood. Bewildered and devastated that her dogs could have committed such violence, she worries that she might suffer from one of the syndromes she studies: pathological altruism, when selfless acts do more damage than good. When Morgan tries to locate Bennett's parents to tell them about their son's hideous death, she discovers he was not the

man he said he was. Everything he has told her—where he was born, where he lives and works—was a lie. In fact, he has several fiancées, and fits the clinical definition of a sociopath. And then, one by one, these other women are murdered. Suddenly Morgan's research into Bennett takes on the urgency of survival: to stay alive, she must find out who is killing the women Bennett was closest to. Unsettling and highly suspenseful, this is a brilliant collaboration between two outstanding writers.

**SEAL Team Six** - Howard E. Wasdin 2011-05-10

The New York Times best selling book that takes you inside SEAL Team Six - the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somalian warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.

In this darkly comic and unsparing memoir that "tells us more about the Afghan debacle than any foreign policy briefing" (The Seattle Times), the famed investigative journalist uses her wry, incisive voice to expose the absurdities and tragedies of the "forgotten war," finding humor and humanity amid the rubble and heartbreak. When Kim Barker first arrived in Kabul as a journalist in 2002, she barely owned a passport, spoke only English and had little idea how to do the "Taliban Shuffle" between Afghanistan and Pakistan. No matter—her stories about Islamic militants and shaky reconstruction were soon overshadowed by the bigger news in Iraq. But as she delved deeper into Pakistan and Afghanistan, her love for the countries grew, along with her fear for their future stability.

**Waco** - David Thibodeau 2018-01-02

The basis of the celebrated Paramount Network miniseries starring Michael Shannon and Taylor Kitsch -- Waco is the critically-acclaimed, first person account of the siege by Branch Davidian survivor, David

Thibodeau. Twenty-five years ago, the FBI staged a deadly raid on the Branch Davidian compound in Waco, Texas. David Thibodeau survived to tell the story. When he first met the man who called himself David Koresh, David Thibodeau was a drummer in a local rock band. Though he had never been religious in the slightest, Thibodeau gradually became a follower and moved to the Branch Davidian compound in Waco. He remained there until April 19, 1993, when the compound was stormed and burned to the ground after a 51-day standoff with government authorities. In this compelling account -- now with an updated epilogue that revisits remaining survivors--Thibodeau explores why so many people came to believe that Koresh was divinely inspired. We meet the men, women, and children of Mt. Carmel. We get inside the day-to-day life of the community. We also understand Thibodeau's brutally honest assessment of the United States government's actions. The result is a memoir that reads like a thriller, with each page taking us closer to the eventual inferno.

**Under Fire: The Untold Story of the Attack in Benghazi** - Fred Burton 2013-09-03

The New York Times bestselling inside account of the attack against the U.S. diplomatic and intelligence outposts in Benghazi, Libya On the night of September 11, 2012, the American diplomatic mission at Benghazi, Libya, came under ferocious attack by a heavily armed group of Islamic terrorists. The prolonged firefight, and the attack hours later on a nearby CIA outpost, resulted in the deaths of four Americans, including the American ambassador to Libya, Christopher Stevens, the Information Officer, Sean Smith, and two former Navy SEALs, Tyrone Woods and Glen Doherty, working for the Central Intelligence Agency. After the fall of Qaddafi, Benghazi was transformed into a hotbed of fundamentalist fervor and a den of spies for the northern half of the African continent. Moreover, it became the center of gravity for terrorist groups strategically situated in the violent whirlwinds of the Arab Spring. On the eleventh anniversary of the 9/11 attacks against the United States, a group of heavily armed Islamic terrorists had their sights set on the U.S. diplomatic and intelligence presence in the city. Based on the exclusive cooperation of eyewitnesses and confidential sources within the intelligence, diplomatic, and military communities, Fred Burton and Samuel M. Katz reveal for the first time the terrifying twelve-hour ordeal confronted by Ambassador Christopher Stevens, Sean Smith, his Diplomatic Security (DS) contingent, and the CIA security specialists who raced to rescue them. More than just the minute-by-minute narrative of a desperate last stand in the midst of an anarchic rebellion, *Under Fire* is an inspiring testament to the bravery and selflessness of the men and women who put their country first while serving in one of the most dangerous regions in the world.

**Lone Survivor** - Marcus Luttrell 2007-06-12

The inspiration for a major motion picture by Mark Wahlberg: A Navy SEAL's firsthand account of American heroism during a secret military operation in Afghanistan. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left—blasted unconscious by a rocket grenade, blown over a cliff, but still

armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare -- and a tribute to his teammates, who made the ultimate sacrifice for their country.

**Rage** - Bob Woodward 2020-09-15

Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of Fear: Trump in the White House, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, Rage shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, Rage reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. Rage draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don't worry about it, Bob. Okay?” Trump told the author in July. “Don't worry about it. We'll get

to do another book. You'll find I was right.”

**13 Hours** - Mitchell Zuckoff 2014-09-09

The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 Hours presents, for the first time ever, the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 Hours sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13 Hours is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The story of what happened to these men--and what they accomplished--is unforgettable.

**Judgment Ridge** - Dick Lehr 2009-10-06

A riveting investigation of the brutal murders of two Dartmouth professors -- a book that, like In Cold Blood, reveals the chilling reality behind a murder that captivated the nation. On a cold night in January 2001, the idyllic community of Dartmouth College was shattered by the discovery that two of its most beloved professors had been hacked to death in their own home. Investigators searched helplessly for clues linking the victims, Half and Susanne Zantop, to their murderer or murderers. A few weeks later, across the river, in the town of Chelsea, Vermont, police cars were spotted in front of the house of high school senior Robert Tulloch. The police had come to question Tulloch and his best friend, Jim Parker. Soon, the town discovered the incomprehensible reality that Tulloch and Parker, two of Chelsea's brightest and most popular sons, were now fugitives, wanted for the murders of Half and Susanne Zantop. Authors Mitchell Zuckoff and Dick Lehr provide a vivid explication of a murder that captivated the nation, as well as dramatic revelations about the forces that turned two popular teenagers into killers. Judgment Ridge conveys a deep appreciation for the lives (and the devastating loss) of Half and Susanne Zantop, while also providing a clear portrait of the killers, their families, and their community—and, perhaps, a warning to any parent about what evil may lurk in the hearts of boys.
