Revolver Road - Christi Daugherty 2020-03-10
Crime reporter Harper McClain is back on the

beat when a troubled musician vanishes in
Christi Daugherty's Revolver Road. Even in the

chill of February, no place touches Harper McClain's heart like Savannah. She should be walking beneath the historic city's towering oaks, surrounded by graceful mansions. Instead, she's hiding miles away on Tybee Island after a mysterious voice on the phone warned her that someone wanted her dead. The call was too specific to ignore. The caller knew everything about her. But that was months ago, and she's getting tired of being scared. Her only escape is her work at the newspaper, where the hottest story in town is the disappearance of Xavier Rayne. The singer had a hit album on his hands, and was about to go on tour, but then he walked out of his beachfront home and vanished. The police believe he drowned, but Harper suspects his disappearance may be more ominous than that. Something doesn't feel right about it. His bandmates and actress girlfriend say he's run away before. They expect him to come home. Until a body washes up with two bullet holes in it. Now everyone in Rayne's life is a suspect. As

Harper digs deeper into the case, though, the threats against her own life return. The phone call she received was very real. A killer from her past is coming for her. Now she must solve two murders, or end up dying on Revolver Road...

Laser Treatment of Vascular Lesions - S.

Bard 2014-02-18

Today, nearly 60 years after the invention of the first medical laser, multiple laser and light

systems exist and are applied in various medical specialties such as dermatology, ophthalmology, and urology. This volume - the first in the series *Aesthetic Dermatology* - focuses on the laser treatment of cutaneous lesions with a vascular target. Each chapter describes a particular laser or light modality and its specific application to a variety of both vascular and nonvascular lesions. Renowned specialists in laser medicine have contributed their expertise, incorporating current evidence-based literature and their own personal treatment recommendations, as well as pearls and perils. The purpose of this book is to explore the options and parameters available to treat cutaneous lesions traditionally responsive to vascular laser therapy and to expand the application to further lesion treatments. Readers who wish to broaden their knowledge and further hone their skills in treating cutaneous vascular lesions with lasers will find this publication a valuable and comprehensive review.

The Lamentations of Zeno - Ilija Trojanow
2016-05-03

A literary fiction about climate disaster and a scientist imploding on a journey to the Antarctic Zeno Hintermeier is a scientist working as a travel guide on an Antarctic cruise ship, encouraging the wealthy to marvel at the least explored continent and to open their eyes to its rapid degradation. It is a troubling turn in the life of an idealistic glaciologist. Now in his early sixties, Zeno bewails the loss of his beloved glaciers, the disintegration of his marriage, and the foundering of his increasingly irrelevant

career. Troubled in conscience and goaded by the smug complacency of the passengers in his charge, he starts to plan a desperate gesture that will send a wake-up call to an overheating world. *The Lamentations of Zeno* is an extraordinary evocation of the fragile and majestic wonders to be found at a far corner of the globe, written by a novelist who is a renowned travel writer. Poignant and playful, the novel recalls the experimentation of high-modernist fiction without compromising a limpid sense of place or the pace of its narrative. It is a portrait of a man in extremis, a haunting and at times irreverent tale that approaches the greatest challenge of our age—perhaps of our entire history as a species—from an impassioned human angle.

The Hellenizing Muse - Filippomaria Pontani
2021-11-08

Traditionally, the history of Ancient Greek literature ends with Antiquity: after the fall of

Rome, the literary works in ancient Greek generally belong to the domain of the Byzantine Empire. However, after the Byzantine refugees restored the knowledge of Ancient Greek in the west during the early humanistic period (15th century), Italian scholars (and later their French, German, Spanish colleagues) started to use Greek, a purely literary language that no one spoke, for their own texts and poems. This habit persisted with various ups and downs throughout the centuries, according to the development of Greek studies in each country. The aim of this anthology - the first one of this kind - is to give a selective overview of this kind of humanistic poetry in Ancient Greek, embracing all major regions of Europe and trying to concentrate on remarkable pieces of important poets. The ultimate goal of the book is to shed light on an important and so far mostly neglected aspect of the European heritage.

Storm Still - Peter Handke 2014

Peter Handke, a giant of Austrian literature, has produced decades of fiction, poetry, and drama informed by some of the most tumultuous events

in modern history. But even as these events shaped his work, the presence of his mother—a woman whose life spanned the Weimar Republic, both world wars, and the postwar consumer economy—loomed even larger. In *Storm Still*, Handke's most recent work, he returns to the land of his birth, the Austrian province of Carinthia. There on the Jaunfeld, the plain at the center of Austria's Slovenian settlement, the dead and the living of a family meet and talk. Composed as a series of monologues, *Storm Still* chronicles both the battle of the Slovene minority against Nazism and their love of the land. Presenting a panorama that extends back to the author's bitter roots in the region, *Storm Still* blends penetrating prose and poetic drama to explore Handke's personal history, taking up themes from his earlier books and revisiting some of their characters. In this book, the times of conflict and peace, war and prewar, and even the seasons themselves shift and overlap. And the fate of an orchard comes to stand for the fate

of a people. "Numerous pleasures await the reader who delves into the fabric of Peter Handke's prose. . . A subtle writer of unostentatious delicacy, Handke excels at fiction that, as it grows, coils around itself like wisteria. . . This is where the French New Novel might have gone if pushed."—Paul West, Washington Post Book World

Twelve Years a Slave - Solomon Northup
2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Die Odyssee - Homer 2004

"Ulrich Karger hat dieses Stück Weltliteratur für Jugendliche aufgepeppt, entrümpelt, die 24 lyrischen Gesänge in 24 Prosakapiteln

nacherzählt - und so vor allem die spannende Abenteuergeschichte, die dahintersteckt, herausgekehrt. [...] Neues bedarf der Kenntnis des Alten, schreibt Karger in seinem Vorwort. Wie wahr! Und wenn es so präsentiert wird wie hier, dann macht es auch noch Spass." Berliner Morgenpost (Quelle: www.klett.de).

Anthropology and Myth - Claude Lévi-Strauss
1987

The published work of Claude Levi-Strauss over the last three and a half decades has established him as one of the world's most innovative anthropologists. Yet throughout this period he was maintaining a full taching commitment in Paris. The pieces in *Anthropology and Myth* illustrate (in his own words) 'the efforts, the tentative advances and retreats and now and again the achievements of a thought process during some thirty-two years that amount to a

large proportion of an individual life and the span of a generation'. Levi-Strauss used to the lecture theatre as a workshop in which to try out and develop new ideas, and many of the familiar themes of his books will be found here: analysis of myth and ritual, totemism, kinship, marriage and social structure. Offering a unique glimpse of the genesis of such subjects throughout his teaching career, this book provides a sketchbook of the themes painted elsewhere in larger, more finished form, and thus forms a document of vital importance for the history of anthropological thought.

Imperial Germany 1850-1918 - Edgar Feuchtwanger 2002-01-04

Imperial Germany focuses on the domestic political developments of the period, putting them into context through a balanced guide to the economic and social background, culture and foreign policy. This important study explores the tensions caused within an empire which was formed through war, against the prevailing

liberal spirit of the age and poses many questions among them: * Was the desire to unify Germany the cause of the aggressive foreign policy leading to the First World War? * To what extent was Bismarck's Second Reich the forerunner of Hitler's Third? * Did Bismarck's authoritarian rule permanently hinder the political development of Germany? Recent debates raised by German scholarship are made accessible to English speaking readers, and the book summarises the important controversies and competing interpretations of imperial German history.

The South in the German Imaginary - Lukas Bauer 2015

The North-South divide in Europe represents a geographical and cultural boundary that has influenced how European nations think about their history and identity. This study explores German representations of the South by examining the Italian travel writings of Goethe and Heine to reveal the changing meaning of

Italy for German cultural identity.

Handbook of Paleolithic Typology - André
Debénath 1994

This book presents the major tool types of European Lower and Middle Paleolithic. Building on the typelist of the late Francois Bordes, with many forms that have been recognized since, it presents working definitions of the types with illustrations and discussions of the variability inherent to lithic typologies. The authors combine classic typological views with current notions of lithic typological variation. This handbook represents not only an important reference source for gaining a practical understanding of how Lower and Middle Paleolithic typology is applied but of the nature of lithic variability in other kinds of assemblages as well.

From the Shtetl to the Stage - Alexander Granach 2017-07-05

Alexander Granach, who died while he was acting on Broadway in 1945, brilliantly relates the remarkable story of his unlikely path from a poverty-stricken, rough-and-tumble childhood to

success on the German stage. This is the account of a daring, curiosity-filled, and perceptive Jewish child from poor towns in Galicia who was seized with a passion for the theater when he saw his first show at the age of 14. He overcame great odds to become a leading stage and film actor in Weimar Germany - and he had to have both legs broken to do it! Born in what is now southern Ukraine, Granach began working at the age of six in his father's bakery, where his heavy tasks left him visibly knock-kneed. With very little formal education but open for adventure and willing to work hard, Alexander ran away several times, the last time to Berlin, at the age of 16, where his talent and charm won him a place in Max Reinhardt's theater school. His career was abruptly interrupted by World War I and his time as a prisoner of war in Italy, but after a daring escape and the end of the war he resumed his rise to prominence in German artistic life. A natural storyteller, Granach's autobiography captures equally the charms,

adventures, and trials of his shtetl days, the horrors of trench warfare, and the glamour and excitement of the German theater before Hitler came to power.

Melancholy Pride - Mark H. Gelber 2014-07-24

This study attempts to analyze the multi-faceted and complicated relationship between the Central European, Germanic-Austrian cultural milieu and the Jewish national literature and culture which evolved within it at the turn of the last century. Issues regarding the construction and differentiation of a modern Jewish national identity and culture as an aspect of Cultural Zionism are central to this project, as are the problematical literary and cultural partnerships forged in an age of rising racist thought, growing feminist consciousness, and increasing secularism.

The Issue With Czar's Helmet - Anatoly Fomenko

2016-11-04

NASA research of Earth-Moon mechanics by astrophysicist Robert Newton leads mathematicians of MSU to a breakthrough in the chronology of Russia and world history. The Issue With Czar's Helmet from the e-series History: Fiction or Science? asks why the armour of Russian warlords of 14-16th centuries was all covered with Arabic inscriptions from Quran they could not possibly read. Or could they? Russian Czars Alexander Nevsky and Ivan the Terrible wore helmets with Arabic inscriptions. Were the thousands of helmets, swords, sabres, shields, armours with Arabic inscriptions kept in Armoury of Kremlin the rich spoils of war with Arabs, Turks, or presents of their ambassadors to Russian Czars? No, they are neither the spoils of war of victorious Russian Horde troops nor the presents from subjugated kingdoms and princes. They all were made in Russia by Russian craftsmen of 14th-17th centuries.
