Teeth Are Not for Biting -

Elizabeth Verdick 2003-04-15

"Crunch crunch crunch. Teeth are strong and sharp. Crunch crunch crunch. Teeth can help you chew. But teeth are not for biting. Ouch! Biting hurts."

Sooner or later, almost all young children will bite someone—a friend, a parent, a sibling. This upbeat, colorful,

virtually indestructible book helps prevent biting and teaches positive alternatives. The companion to our best-selling *Hands Are Not for Hitting Board Book*, *Teeth Are Not for Biting* gives reasons why children might want to bite. Little mouths feel sore when new teeth come in; sometimes kids bite when they're hungry, tired, cranky, frustrated, angry, bored, distressed, or seeking attention. Author Elizabeth Verdick suggests positive things children can do instead of biting: chew a chewy toy, drink a cold drink, get a hug, tell a grown-up. This book also includes helpful tips for parents and caregivers.

sharing a while can make someone smile! Includes tips for parents and caregivers.

I'm calm as can be. I'm taking care of me." After a break, toddlers will feel like new—and adults will, too. Books include tips for parents and caregivers.

Go Diaper Free - Andrea Olson 2021-02-17

Stop changing diapers?start potting your baby. Over half the world's children are potty trained by one year old, yet the average potty training age in the United States is currently three years old. This leaves parents wondering: What did people do before diapers? and How do I help my own baby out of diapers sooner?Elimination Communication, also known as EC, is the natural alternative to full-time diapers and conventional toilet training. Voices Are Not for Yelling -

Elizabeth Verdick 2015-05-01

As parents and teachers know, yelling comes naturally to children. This friendly, encouraging book, geared to preschool and primary children, introduces and reinforces where and when to use an "indoor voice" or an "outdoor voice." In classic Best Behavior style the author tells young readers, "Your voice is a powerful tool. How you use it is up to you." Vivid illustrations show the times and places for an indoor voice, the ways people ask us to quiet our voices, and times when yelling might occur. "What happens if you're mad or frustrated or

really, really excited? Your voice gets louder and LOUDER.” But yelling hurts people’s ears and feelings. Children learn that they can quiet their voice and use their words to talk about a problem. “Think before you yell, and use your words well!” Includes a special section for parents and caregivers with activities and discussion starters. The Best Behavior series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors.
