Countercultures and Popular Music - Sheila Whiteley 2016-05-13

'Counterculture' emerged as a term in the late 1960s and has been re-deployed in more recent decades in relation to other forms of cultural and socio-political phenomena. This volume provides an essential new academic scrutiny of the concept of 'counterculture' and a critical examination of the period and its heritage. Recent developments in sociological theory complicate and problematise theories developed in the 1960s, with digital technology, for example, providing an impetus for new understandings of counterculture. Music played a significant part in the way that the counterculture authored space in relation to articulations of community by providing a shared sense of collective identity. Not least, the heady mixture of genres provided a socio-cultural-political backdrop for distinctive musical practices and innovations which, in relation to counterculture ideology, provided a rich experiential setting in which different groups defined their relationship both to the local and international dimensions of the movement, so providing a sense of locality, community and collective identity.

**The Secret History of the Handbag** - Meredith Etherington-Smith 2014-07

From the reticules of the 18th Century to the mesh bags and chatelaines of the 19th century and from Japanese inro to the contemporary designs of the 20th Century, the history of the handbag is also the social history of the times in which these exquisite, beautifully designed models were created. Every major couturier in the early 1920s, from Paul Poiret to Chanel and Vionnet to Schiaparelli created handbags to go with their outfits and The Secret History of The Handbag shows these creations accompanied by the fashion illustrations and fashion photographs of the time. Handbag designs were inspired by real women notably Grace Kelly and the famous Kelly bag as well as by events in the real world, such as Schiaparelli's gas mask bag and in more recent times this tie-in with the famous and the photographed has grown every more important. Nowadays a handbag can be the foundation of fashion fortunes and certain designs, such as the Hermes Birkin are as famous in China as they are in the rue de la Paix.

**From Para to Dakar** - Joey Evans 2019-05-29

"I've realised that when things are really tough and there seems no hope for the future, it's sometimes just Chapter One of a really cool story, and the ending is entirely up to you."Joey Evans has always loved bikes, from his first second-hand Raleigh Strika at the age of six to the powerful off-road machines that became his passion later on in his life. His dream was one day to ride the most gruelling off-road race in the world, the 9000km Dakar Rally. In 2007 his dream was shattered when he broke his back in a racing accident. His spinal cord was crushed, leaving him paralysed from just below his chest. Doctors gave him a 10 per cent chance of ever walking again. Many would have given up and become resigned to life in a wheelchair, but not Joey Evans. Not only would he get back on his feet and walk, but he would also keep his Dakar dream alive. It was a long and painful road to recovery, involving years of intensive rehabilitation and training, but he had the love and support of both family and friends and an incredible amount of determination. Joey shares the many challenges he and his family faced, relating the setbacks, as well as successes, along the way to the Dakar start line. But the start line was only the first goal. His sights were set on reaching the finish line, which he did in 2017, the only South African to do so. From Para to Dakar is so much more than the story of one man reaching the Dakar finish line. It is a story of friendship and respect, compassion and kindness. It is about defying the odds to reach a dream, it is about grit, endurance and raw courage, and it is inspiring in its true heroism.

*Right Beyond the Horizon* - Christopher Many 2016-09-19

\* Right Beyond the Horizon tells the gripping tale of Christopher's latest voyage between 2012 and 2016: a motorcycle adventure from Germany to Australia \* This time, he's taken a right beyond the horizon... What if the journey of a lifetime becomes a lifelong journey? When people say "life's a journey," some take this aphorism more literally than others. Christopher Many embarked on an overland trip in 1997, believing he'd spend no more than a year or two on the road. Well, that didn't quite work out as planned; 19 years have passed, and he is still somewhere out there, doing what he loves most: circumnavigating the globe with vehicles of questionable reliability in a quest to understand, through first-hand experience, what makes humanity "tick". Right Beyond the Horizon tells the gripping tale of Christopher's latest voyage between 2012 and 2016: a motorcycle adventure from Germany to Australia, together with his partner Laura Pattara. Their modern-day odyssey follows the ancient Silk Road from Europe to Central Asia, then across the Pamir Mountains into China, where Christopher and Laura become the first overlanders with a foreign vehicle to obtain legal permission to transit the Middle Kingdom unescorted. Four years later they reach the harbor of Denpasar on the Indonesian island of Bali the gateway to Australia and terminus of the classic trans-Asia overland route. Come along for an exhilarating ride around the global block with this unusual vagabond and witness all the joys and hardships such a lifestyle entails every day will be full of surprises and utterly unpredictable! However, you should also be warned: some roads detour into the shadows where the scales of global justice are imbalanced and humanity's failings are all too evident. There's also a major risk that, after the last page, you'll feel inspired to pack your rucksack, free yourself from modern society's constraints and head off into the sunset indefinitely. You wouldn't be the first...

**Lone Rider** - Elspeth Beard 2017-07-06

In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with two very different men. In an age before email, the internet, mobile phones, satnavs and, in some parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

These are real-life tales of moms and dads braving the unavoidable struggles of travel--flight delays, lost luggage, middle-of-nowhere engine breakdowns, and middle-of-everyone emotional meltdowns--to share new experiences with their kids. As all of these parents will tell you, traveling with kids is never easy. But the benefits can be invaluable. What could be more important than introducing our children to cultures where families, not so unlike our own, look and live and speak and eat differently than we do. What could be more useful than giving them the tools to deal with the challenges encountered on the road. Taking risks, overcoming challenges, discovering beauty, and opening our minds and hearts. These are the things we hope for each time we pack our bags, load the car, or board a plane. This is why we leave home and head into the unknown. No matter how old we are, each of us wants to be filled with awe and to feel fully alive. And we want to share these experiences with the people we love the most, so that these moments of wonder might live on for years to come.- Travel tips for the age groups 0-3, 4-6, 7-10, 10-13 as well as thirteen and up are laid out in detailed chapters. Also for older children

from the ages of eleven to thirteen for example, travel provides an opportunity to deepen a connection, or to reconnect, with a child that might be spending more and more time away from you.- Reif Larsen, author of the novels *The Selected Works of T. S. Spivet* and *I Am Radar*, speaks in his essay about rediscovering nature with his children around their home during the current travel restrictions. *Family Adventures* provides inspiration and guidance for vacations long and short; creating memories that last a lifetime.

Carl Stearns Clancy while riding his motorcycle at night in Spain, 1913. This travelogue originally authored by Clancy is for the avid motorcycle adventurer, the travel dreamer thirsting for motorcycle touring. Clancy circled the globe during 1912-1913 on a 1912 motorcycle. There were no GPSs, ATMs, Internet, and often no gas, roads or motorcycle repair shops. It describes the first motorcycle global adventure ride by the man who survived a dream quest with his gun, determination, grit, and guts. Edited by author Dr. Gregory W. Frazier, "America's #1 extreme motorcycle adventurer," who has raced, ridden, and repaired motorcycles over 1,000,000 miles and five times around the world. *Long Way Round* - Ewan McGregor 2013-04-11

'A highly readable and spiritually uplifting book about a dream come true' *Wanderlust* 'Touching and memorable ... one for armchair travellers and bike freaks' *Daily Mail* From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. *Long Way Round* is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.
