The Pataphysician's Library - Ben Fisher 2000-01-01
The Pataphysician's Library is a study of aspects of 1890s French literature, with specific reference to the traditions of Symbolism and Decadence. Its main focus is Alfred Jarry, who has proved, perhaps surprisingly, to be one of the more durable fin-de-siècle authors. The originality of this study lies in its use of the enigmatic list of books termed the livres pairs, which appears in Jarry's 1898 novel *Gestes et Opinions du docteur Faustroll*, pataphysicien, his best-known prose work. The greatest interest of the livres pairs lies in a group of works by Jarry's friends and contemporaries, primarily Leon Bloy, Georges Darien, Gustave Kahn, Catulle Mendès, Josephin Madan, Rachilde, and Henri de Regnier. Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris. In conjunction with Jarry's own works, the contemporary livres pairs serve to illustrate the vibrant and experimental atmosphere in which these authors worked.

Instructions for Novices - Hyacinthe-Marie Cormier 2013-02-13
During the Nineteenth Century, when religious life was on the verge of dis-appearing, the Order of Preachers entered a new springtime. Instructions for Novices provides the practical and spiritual principles that undergirded the Dominican renewal. Written by Blessed Hyacinthe-Marie Cormier in 1880, the work is the fruit of his experience, learning, and sanctity. An abbreviated version of Instructions for Novices was reprinted in 1950 by the Master of the Order at the time, Fr. Emmanuel Suarez, O.P. That version is translated here along with new sections never before in English. Also included is an introductory essay by Basil Cole, O.P., and Ezra Sullivan, O.P., that explores the historical context and relevance of Cormier's work to our time; an appendix includes a biography of Bl. Hyacinthe Cormier and the beatification homily given by Bl. John Paul II.

The Pact - Karina Halle 2014

*The Pact is a full-length, standalone "friends to lovers" contemporary adult romance*It all started with a pinky swear...Linden McGregor is tall, rugged, and gunslinger handsome; a helicopter pilot with a Scottish brogue and charm to spare. Friendships are tested. Hearts are on the line.The pact is about to change everything.Note: due to the dirty talk and sexy times,

Memoirs from Beyond the Grave: 1768-1800 - François-René de Chateaubriand 2018-02-20

Written over the course of four decades, François-René de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Barthes, and Sebald. Here, in the first books of his massive Memoirs, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay. The volume ends with Chateaubriand's return to France after seven years of exile in England. In this new edition (the first unabridged English translation of any portion of the Memoirs to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egotist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom.

Paris as Revolution - Priscilla Parkhurst Ferguson 2022-07-15

In nineteenth-century Paris, passionate involvement with revolution turned the city into an engrossing object of cultural speculation. For writers caught between an explosive past and a bewildering future, revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed. In this engaging book, Priscilla Ferguson locates the originality and modernity of nineteenth-century French literature in the intersection of the city with revolution. A cultural geography, *Paris as Revolution* "reads" the nineteenth-century city not in literary works alone but across a broad spectrum of urban icons and narratives. Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century, the city, and their literature. In her understanding and reconstruction of the guidebooks of Mercier, Hugo, Vallès, and others, alongside the novels of Flaubert, Hugo, Vallès, and Zola, Ferguson reveals that these works are themselves revolutionary performances, ones that challenged the modernizing city even as they transcribed its emergence. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Living Well with Pessimism in Nineteenth-Century France - Joseph Acquisto 2021-02-04

This book traces the emergence of modern pessimism in nineteenth-century France and examines its aesthetic, epistemological, ethical, and political implications. It explores how, since pessimism as a worldview is not empirically verifiable, writers on pessimism shift the discussion to verisimilitude, opening up rich territory for cross-fertilization between philosophy and literature. The book traces debates on pessimism in the nineteenth century among French nonfiction writers who either lauded its promotion of compassion or condemned it for being a sick and unliveable attempt at renunciation. It then examines the way novelists and poets take up and transform these questions by portraying characters in lived situations that serve as testing grounds for the merits or limitations of pessimism. The debate on pessimism that emerged in the nineteenth century is still very much with us, and this book offers an interhistorical argument for embracing pessimism as a way of living well in the world, aesthetically, ethically, and politically.

No Medium - Craig Dworkin 2015-01-30

Close readings of ostensibly "blank" works—from unprinted pages to silent music—that point to a new understanding of media. In *No Medium*, Craig Dworkin looks at works that are blank, erased, clear, or silent, writing critically and substantively about works for which there would seem to be not only nothing to see but nothing to say. Examined closely, these ostensibly contentless works of art, literature, and music point to a new understanding of media and the limits of the artistic object. Dworkin considers works predicated on blank sheets of paper, from a fictional collection of poems in Jean Cocteau's *Orphée* to the actual publication of a ream of typing paper as a book of poetry; he compares Robert Rauschenberg's *Erased De Kooning Drawing* to the artist Nick Thurston's erased copy of Maurice Blanchot's *The Space of Literature* (in which only Thurston's marginalia were visible); and he scrutinizes the sexual politics of photographic representation and the implications of obscured or obliterated subjects of photographs. Reexamining the famous case of John Cage's *4'33"*, Dworkin links Cage's composition to Rauschenberg's *White Paintings*, Ken Friedman's *Zen for Record* (and Nam June Paik's *Zen for Film*), and other works, offering also a "guide to further listening" that surveys more than 100 scores and recordings of "silent" music. Dworkin argues that we should understand media not as blank, base things but as social events, and that there is no medium, understood in isolation, but only and always a plurality of media: interpretive activities taking place in socially inscribed space.

Washington's Spies - Alexander Rose 2014-03-25

NEW YORK TIMES BESTSELLER • Turn: Washington's Spies, now an original series on AMC Based on remarkable new research, acclaimed historian Alexander Rose brings to life the true story of the spy ring that helped America win the Revolutionary War. For the first time, Rose takes us beyond the battlefield and deep into the shadowy underworld of double agents and triple crosses, covert operations and code breaking, and unmasks the courageous, flawed men who inhabited this wilderness of mirrors—including the spymaster at the heart of it all. In the summer of 1778, with the war poised to turn in his favor, General George Washington desperately needed to know where the British would strike next. To that end, he unleashed his secret weapon: an unlikely ring of spies in New York charged with discovering the enemy's battle plans and military strategy. Washington's small band included a young Quaker torn between political principle and family loyalty, a swashbuckling sailor addicted to the perils of espionage, a hard-drinking barkeep, a Yale-educated cavalryman and friend of the doomed Nathan Hale, and a peaceful, sickly farmer who begged Washington to let him retire but who always came through in the end. Personally guiding these imperfect everyday heroes was Washington himself. In an era when officers were gentlemen, and gentlemen didn't spy, he possessed an extraordinary talent for deception—and proved an adept spymaster. The men he mentored were dubbed the Culper Ring. The British secret service tried to hunt them down, but they escaped by the closest of shaves thanks to their ciphers, dead drops, and invisible ink. Rose's thrilling narrative tells the unknown story of the Revolution—the murderous intelligence war, gunrunning and kidnapping, defectors and executioners—that has never appeared in the history books. But *Washington's Spies* is also a spirited, touching account of friendship and trust, fear and betrayal, amid the dark and silent world of the spy.

Beauvoir in Time - Meryl Altman 2020

"Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--
