Tracks and Horizons - Carlos A. Caggiani 2010-09-16

From 1964 to 1966, Carlos Caggiani travelled to 26 countries on a 1947 Indian Chief motorcycle with hardly a penny to his name. At 24 years of age, he embarked on the adventure of a lifetime. He spent time with everyone from poor natives in the Andes mountains, to rich families in the United States. He crossed rivers without bridges, suffered famine, intense heat and cold, guided his motorcycle through rain and snow storms, rode on dirt and cobblestone roads, was chased by the FBI, was shot at in Bolivia during a revolutionary war, and had a serious accident due to a mechanical failure in Panama that left him hospitalized for 17 days. The experiences in this book demonstrate a human being's tenacity and triumph in the face of adversity, and shows that anything is possible. There is always something more just beyond the horizon...and as the horizon expands, our limits disappear.

The World Beneath My Bicycle Wheels - Walter Stolle 1978

Going to the Mountain - Ndaba Mandela 2018-06-26

The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply "Granddad." In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison--and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time--through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity--Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age--from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.

Mastering the Art of French Cooking - Julia Child 1976

Anyone can cook in the French manner anywhere, wrote Mesdames Beck, Bertholle, and Child, with the right instruction. And here is the book that, for forty years, has been teaching Americans how. *Mastering the Art of French Cooking* is for both seasoned cooks and beginners who love good food and long to reproduce at home the savory delights of the classic cuisine, from the historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. This beautiful book, with more than one hundred instructive illustrations, is revolutionary in its approach because: It leads the cook infallibly from the buying and handling of raw ingredients, through each essential step of a recipe, to the final creation of a delicate confection. It breaks down the classic cuisine into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of recipes; the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations bound to increase anyone's culinary repertoire.

It's 1989 and, whenever he isn't hanging out in the local bars, Herr Lehmann lives entirely free of responsibility in the bohemian Berlin district of Kreuzberg. Through years of judicious sidestepping and heroic indolence, this barman has successfully avoided the demands of parents, landlords, neighbours and women. But suddenly one unforeseen incident after another seems to threaten his idyllic and rather peaceable existence. He has an encounter with a decidedly unfriendly dog, his parents threaten to descend on Berlin from the provinces, and he meets a dangerously attractive woman who throws his emotional life into confusion. *Berlin Blues* is a richly entertaining evocation of life in the city and a classic of modern-day

decadence.
